

SUPER RESTORATIVE*

Essential Treatment by Skeyndor,
powered by Celluma PRO and bt-micro

INTRODUCTION

Cosmedical treatment that features an ultrasonic deep exfoliation combined with LED light energy. Designed to improve cellular health by accelerating the repair and replenishment of compromised tissue cells.

FACIAL

- The Facial starts with a welcoming ritual and double cleanse.
- An exfoliating jojoba scrub teamed with thermal water is layered to begin the purifying process with ultrasonic micro-exfoliation.
- Optionally:
 - Signs of ageing will be softened with collagen and elastin factor.
 - Signs of sun damaged can be treated with Brightening serum
- Next step includes Celluma Light treatment; red or blue light is combined for best results.
- Treatment is finalised with an essential line moisturiser suited to the skin type.

INGREDIENTS

- Marine Collagen & Marine Elastin
- Amino Acids
- Skin soothers and calmers like Chamomile and Hamamelis
- Complex hydrators to boost the skin's balance, suppleness and smoothness
- Oligo elements like Iron, Zinc and Silicum

BENEFITS

- It rebalances the skin pH
- Skin will be looking and feeling smoother.
- Ultrasonic **bt-micro®**, leaving skin smooth, fresh, and perfectly purified.
- Oily/ combination skin types with acne: destroys acne-causing bacteria (blue light) and oxygenate the, prevents further breakouts.
- Normal/ Dry skin types: promotes interchanges in the epidermis and improves skin texture, firmness and facial wrinkles (red light).
